

Melato - Quick User Guide

Essential How-to-Use Guide for Wholesalers, Retailers, and Drivers

English Edition
2-Page Quick Summary

1. Getting Started & Account Setup

All Users

Login & Sign Up

Select role (Wholesaler, Retailer, Driver), enter Mobile Number/Email, and verify with OTP.

Business & KYC Info

Enter Business Name, Owner Name, GST, PAN, Aadhaar, and Government License Number.

Locations & Language

Add branch/shop delivery addresses under Business Locations. Switch English/Hindi in Settings.

2. Retailer (Buyer) Guide - How to Order & Manage Purchases

Retailer

Step 1: Browse & Search

Open Home screen, search produce by name, browse categories, and check prices/stock.

Step 2: Cart & Units

Add items to Cart, choose units (KG, Quintal, Ton, gm), and select your delivery location.

Step 3: Checkout & Pay

Review order at Checkout, choose payment method (Online / UPI / Cards / COD), and get Order ID.

Step 4: Orders & Disputes

Track order status in Order History. Report any damaged or short items under Report Issue.

3. Wholesaler Guide - Stock Management & Order Fulfillment

Wholesaler

Home Dashboard & Stock Logic

- **Live Metrics:** View Today's Earnings, This Week's Revenue, Pending Payouts, Total Stock & Active Orders.
- **Automatic Stock Deduction:** When a buyer places an order, quantity automatically deducts from your available stock in real time.
- **Recently in Demand:** View trending commodities requested by retailers.

Stock Dashboard & Add/Update

- **Stock Dashboard:** View all products in your inventory with live stock levels (In Stock, Needs Attention, Out of Stock).
- **Add Stock:** Tap *Add Stock* to enter commodity name, category, unit (KG, gm, Quintal, Ton), price, and available quantity.
- **Update Stock:** Quickly adjust available quantities or prices as inventory changes.

Orders Received & Pickups

- **Orders Received:** View incoming retailer orders, review items, quantities, buyer details, and accept/prepare for dispatch.
- **Pickup Orders:** View packed orders ready for collection and hand them over to the driver upon arrival.

Demand Insights & Earnings

- **Next-Day Demand & Restocking:** View predicted demand for tomorrow and recommendations on what to restock.
- **Trends & Earnings:** View sales/demand trends, market price comparisons, and track completed/pending payouts.

4. Driver Guide - Deliveries & Earnings

Driver

Step 1: Registration

Enter driver details under Driver Registration, upload DL/ID proof, and enter vehicle details.

Step 2: Accept Requests

Open Transport Requests to view jobs with pickup/drop locations & fare. Tap **Accept**.

Step 3: Pickup Orders

Go to wholesaler location under Pickup Orders, check package count, and confirm pickup in the app.

Step 4: Delivery & Earnings

Deliver goods to retailer and confirm delivery under Delivery Confirmation. View earnings in Earnings Dashboard.

5. In-App Help Center & Support Center

Settings > Help / Support

Interactive Help Center

- **Interactive Walkthrough:** Quick tutorial explaining core tasks. Tap *Replay Walkthrough* to view anytime.
- **Category Filters:** Filter guides by role tasks (Shopping, Orders, Deliveries, Stock, Earnings).
- **Direct Screen Jump:** Tap any help card (e.g. "*Browse and search*", "*Update stock*", "*Confirm delivery*") to open that exact screen immediately.

Support Center

- **Select Issue Category:** Choose from *Payment, Order, Incoming Order, Delivery, Dispatch, Trip, Goods, Seller, Account, Technical, Safety*.
- **Select Problem & Contact:** Pick the specific issue from the list, add details, and contact support directly for quick resolution.
- **Order Disputes:** Raise item/delivery disputes directly under *Report Issue* on any order.

6. Quick Access Navigation Summary

Cheat Sheet

Role	Core Tasks Available	How to Access in App
Retailer (Buyer)	Browse produce, Add to Cart, Checkout & Pay, Order Tracking, Spends & Report Issues	Home Screen → Cart → Order History → Menu
Wholesaler	Stock Dashboard, Add/Update Stock, Orders Received, Pickup Orders, Demand Insights & Earnings	Home Dashboard → Stock Dashboard → Orders → Menu
Driver	Accept Transport Requests, Pickup Orders, Delivery Confirmation, Earnings Dashboard & History	Driver Dashboard → Transport Requests → Menu
All Roles	Business Locations, In-App Help Center walkthroughs, Support Center, Language toggle	Settings → Help Center / Support Center / Language

Quick Tip: Need help while using any screen? Open **Settings > Help Center** to see interactive guides for that screen, or go to **Support Center** to contact support directly.
